Sub: Registration of Health Professionals on HPR Reg.

Sir,

Ayushman Bharat Digital Mission (ABDM) aims to develop the database of all healthcare persons necessary to support the integrated digital health infrastructure of the country. One of the key building blocks of ABDM is the National healthcare Providers Registry (NHPR) which consists of the Healthcare Professionals Registry (HPR) and health Facility Registry (HFR). NHPR is a comprehensive repository of registered and verified healthcare professionals from different systems of medicine (Modern Medicine, Dentistry, Ayurveda, Unani, Siddha, Sowa-Rigpa, homoeopathy and Nurse) and health facilities (such as hospitals, clinics, diagnostic laboratories, etc.) from both the public and private sectors, delivering healthcare services across India. There are multiple benefits of NHPR such as a unique and trustable identity, online presence and discoverability and unified digital services.

National Health Authority is continuously engaging with all the councils and associations across all the system of Medicine to sensitize them about registration of Health professionals on the HPR.

In this regard, I am directed to request you to recommend your all healthcare providers to register themselves on the HPR at <https://nhpr.abdm.gov.in/home>. Your goodself is also requested to kindly disseminate this information on your respective departmental website also.

Yours faithfully,

(Dr. Harjeet Rai)

Additional Mission Director,  
Ayushman Bharat Digital Mission, J&K.
